

DIPLOMA 2010

CONTA-CLIP Verbindungstechnik GmbH

is an official customer of the *GOGREEN* service
in the year 2010

and contributes actively to climate protection.
Deutsche Post DHL's Carbon Management will offset the emissions
generated by transportation through climate protection projects.

Further information on Carbon Management and the *GOGREEN* products, services and
projects can be found at: www.dp-dhl-gogreen.com

Dr. Rainer Wend
Executive Vice President Corporate Department Public Policy and Responsibility

This diploma confirms participation in the *GOGREEN* service.
The actual CO₂ emissions offset will be verified by SGS in the following year and approved with
an official certificate.
