

CABLE MANAGEMENT

FOR THE
CHEMICAL,
OIL, AND GAS
INDUSTRIES

OVERVIEW: Chemical, Oil, and Gas Industries

The chemical oil and gas industries are currently experiencing major changes. Lower oil prices, more stringent regulations and overall market volatility are putting manufacturers under increasing pressure to control costs. For manufacturers reworking existing processes to extend equipment lifetime or creating new processes to increase efficiency or lower operating costs, Conta-Clip offers a range of products that can help with maintenance or fabricating new equipment. Conta-Clip offers cable management systems for sensors and new equipment which are designed specifically for harsh environments typically found in the chemical, oil and gas industries.

Visit our webpage www.contaclipinc.com or contact your local Conta-Clip sales representative for more information. See how Conta-Clip's products can help you.

PRODUCTS

LevelEx

LevelEx cable glands are available in sizes ranging from M16 to M63 and with NPT threads from 3/8" to 2 1/2". IP ratings range from IP 66 to IP 68, depending on the level of protection needed. The cable gland bodies are made of galvanized brass and stainless steel. Cable diameters from 7 mm to 56 mm are securely sealed thanks to the large sealing range. With their broad temperature range of -60°C to +130°C and ATEX and IECEx certifications, these glands will excel in the most demanding applications. Visit www.levellex.de for more information.

EMI Products

Conta-Clip offers a wide range of EMI solutions for applications that require HF screening attenuation. For example, the blueglobe TRI offers up to IP69K protection and UL approval in a cable gland which is simple to install and complies with Cat 7A requirements for the most up to date data communication. The SAB shield connection clips allow for simple grounding of shielded cables. Conta-Clip offers a broad range of explosion proof and EMI cord grips to meet the requirements of almost any application. Visit www.contaclipinc.com for more information.

KDS

Conta-Clip has developed a unique method for cable entries with our KDS Click family of products. The KDS Click products are a superior way to manage cables through a cabinet when compared to other methods. KDS Click is faster to install, easier to maintain and offers more flexibility than cord grips or other cable entry systems. These products conform to UL 508A and are IP 66 rated and have IECEx certification. See the advantages for yourself at www.kdsclick.com/us

IECEX Terminal Blocks

As part of our full line of DIN rail terminal blocks, Conta-Clip offers a line of Ex terminal blocks designed for use in areas where an explosion risk exists. Our most popular SRK screw terminal blocks meet IECEx requirements. Conta-Clip offers terminal blocks with various types of connection technologies including traditional screw connections, pressure spring for the fastest wire installations without tools, and tension spring connections for safe, quick wire connections. Visit Conta-Clip's new online product catalogue at catalog.conta-clip.com for more information.

Our Products for Your Challenges:

01 CONTA-CONNECT

Terminal blocks with Push-in connection system

Cat. no. 98070.2

02 CONTA-CONNECT

Terminal blocks with screw connection system and special terminals

Cat. no. 98071.2

03 CONTA-CONNECT

Terminal blocks with tension-spring connection system

Cat. no. 98072.2

04 CONTA-CONNECT

Installation materials and other accessories for terminal blocks

Cat. no. 98073.2

05 CONTA-LABEL

Marking components for thermal transfer marking systems

Cat. no. 98074.2

06 CONTA-LABEL

Marking components for ink-based marking systems

Cat. no. 98075.2

07 CONTA-BOX

Housings

Cat. no. 98076.2

08 Cable Management Systems

KDS cable entries, KES cable entries, SAB / SSAB / SABK shielding solutions

Cat. no. 98077.2

09 CONTA-ELECTRONICS

Electrical and electronic cabinet components

Cat. no. 98078.2

10 CONTA-CON

PCB terminals and connectors

Cat. no. 98079.2

11 CORD GRIPS

Cat. no. 98197.2

12 CABLE TRAYS

Cat. no. 98198.2
