

CABLE MANAGEMENT

FOR THE FOOD
PROCESSING &
PHARMACEUTICAL
INDUSTRIES

OVERVIEW: Food Processing and Pharmaceutical Industries

Designing production equipment for the food processing and pharmaceutical industries can be a difficult task. Product safety, regulatory compliance and ease of cleaning are key requirements when designing this high-performance equipment. Manufacturers are constantly innovating and changing requirements while still expecting the highest levels for product quality and safety. Working in an industrial segment like food processing or pharmaceutical production is tough. Conta-Clip offers a range of products that can help.

Conta-Clip offers products designed specifically for the food processing, packaging and pharmaceutical industries. Visit our webpage www.conta-clipinc.com or contact your local Conta-Clip sales rep for more information. **See how Conta-Clip's products can help you.**

PRODUCTS

blueglobe CLEAN Plus®

The PFLITSCH blueglobe CLEAN Plus® has been developed in accordance with the current EHEDG standards. This cable gland dispenses with cavities, gaps and open screw threads and impresses with its clean surfaces, the rounded spanner flats of its pressure screw and smooth contours. The cable gland body uses either high quality AISI 316L stainless steel or PVDF plastic to meet exacting industrial requirements. All seals are made from plastics that comply with FDA 21 CFR §177.2600 and are rated IP 68 up to 15 bar and IP 69K. Visit www.pflitsch.de/en/cable-glands/blueglobe/blueglobe-clean-plus/ for more information.

KDS / KES

Conta-Clip has developed a unique method for cable entries with our KDS Click family of products. The KDS Click products are a superior way to manage cables through a cabinet when compared to other methods. KDS Click is faster to install, easier to maintain and offers more flexibility than cord grips or other cable entry systems. These products conform to UL 508A and are IP 66 rated. See the advantages for yourself at www.kdsclick.com/us

Open Wire Tray Trunking

Our open wire tray offers the optimal solution for cable routing in food and pharmaceutical applications. These open trays are available in 316L stainless steel, making them an excellent choice for the food industry. The 316L stainless steel combined with an open design makes cleaning these trays simple and worry free. We offer a comprehensive range of tray cross sections and formats as well as a full line of tray accessories. Visit www.pflitsch.de/en/cable-trunking/wire-tray-trunking/

Terminal Blocks

Our DIN rail mounted terminal blocks are available in single-level, double-level, triple-level, sensor, mini, grounding, fuse holder, disconnect, plug-in, thermocouple, test plug and direct mount configurations to meet various wire termination needs inside the cabinet. Conta-Clip offers a variety of connection technologies, including traditional screw connections, pressure spring for the fastest wire installations without tools, and tension spring connections for safe, fast wire connections. Visit Conta-Clip's new online product catalogue at catalog.conta-clip.com

Our Products for Your Challenges:

01 CONTA-CONNECT

Terminal blocks with Push-in connection system

Cat. no. 98070.2

02 CONTA-CONNECT

Terminal blocks with screw connection system and special terminals

Cat. no. 98071.2

03 CONTA-CONNECT

Terminal blocks with tension-spring connection system

Cat. no. 98072.2

04 CONTA-CONNECT

Installation materials and other accessories for terminal blocks

Cat. no. 98073.2

05 CONTA-LABEL

Marking components for thermal transfer marking systems

Cat. no. 98074.2

06 CONTA-LABEL

Marking components for ink-based marking systems

Cat. no. 98075.2

07 CONTA-BOX

Housings

Cat. no. 98076.2

08 Cable Management Systems

KDS cable entries, KES cable entries, SAB / SSAB / SABK shielding solutions

Cat. no. 98077.2

09 CONTA-ELECTRONICS

Electrical and electronic cabinet components

Cat. no. 98078.2

10 CONTA-CON

PCB terminals and connectors

Cat. no. 98079.2

11 CORD GRIPS

Cat. no. 98197.2

12 CABLE TRAYS

Cat. no. 98198.2
